結合編舞家羅文瑾、新媒體藝術家王連晟、聲音藝術家Nigel Brown，稻草人現代舞團將卡夫卡〈變形記〉的文學深度滲透到舞蹈身體與科技藝術裡，透過一位舞者與兩個機械虫的身體連結與感應，透視存在本質的意義與價值，進而剖析「虫」對人感官上及心理層面所造成的各種負面影響及刻板印象，探究我們內心深層真正的恐懼。

Inspired by Franz Kafka's novel *Die Verwandlung*, Scarecrow Contemporary Dance Company artistic director and choreographer Wen-jinn Luo collaborated with award-winning media artist Lien-cheng Wang and Australian sound artist Nigel Brown to create the dance work "The Bug" combining movement, digital technology, sound, art installation, and site-specific performance. Through the physical connection between a dancer and two mechanical bugs, the work reveals the essence of meaning and value in human existence. The negative impressions and influences of a "bug" on our sensory and psychological being are analyzed to uncover the deep fears inside our hearts.
