#### The Bucket Man in Newspaper

1 – 12 Settembre 2014  
Incontro con l'artista  
giovedì 4 settembre, ore 18:00

"The "Bucketmen" is an image in my dream. In this dream I saw a group of little people with buckets on their heads gradually descending from the sky. They were chanting, holding clubs and hopping around me. I found myself surrounded by fear, not knowing what to do. In the midst of a panic, I picked up a bucket and put on my head. Suddenly and miraculously, with a bucket covering my face, I could no longer sense the danger ahead. All my fear disappeared, I became very brave. So I joined the march of the bucketmen to explore the world."
