 <p><b>Yung Chun Yang / 搖舞 (Into the Mist) for fixed media</b></p> <p>Yang, Yung-Chun: Composer, guitarist and sound artist of Taiwan. Yang has worked as a music producer assistant, and been performing in indie bands for years as a guitarist and composer. Currently she is working in the graduate school of Music Technology and Applied Music at The Music Department of The National Tsing Hua University. Not only independent works, Yang also carries many cooperating and performing experiences with artists from different music background, such as music producers, performers and sound designers. She and her band were invited to host the opening concert for 2017 WOCMAT (International Workshop on Computer Music and Audio Technology) in Taiwan.</p> <p><b>搖舞 (Into the Mist) for fixed media</b></p> <p>The piece "Into the Mist" is a mixed combined real instruments, synths, noises and the urban soundscape. The theme and the motive are those twisted, glitch and dark sounds, which delivery the sense like crushing the dense mist. It also captures my intention that sounds could bring dynamic rhythm and motion to spaces and sketch one's imagination vastly.</p>	<p>大會手冊內頁示意圖，內含本次獲補助作曲家及作品介紹。</p>
