Participants of 2nd GALA Fest make it up the Palguín mountain top.

19.30 - 21.30 h

### **Dinner - gathering by the fire with new and familiar faces.**

Becoming familiar with the soil present below our feet - a welcoming guided by *María Jesús Olivos* from *Fundación Mar Adentro*.

21.30 - 22.30 h

### **Goodnight storytelling session**

*Gala goddesses reading group* hosted by *Sina Ribak*, *Kiosko*

Can we connect to the many contexts and cosmologies of the gala partners through collective reading rituals? Texts, quotes, and poems will be activated through the diverse voices present in this galaFest.

# Day 2

## A Watershed Perspective

Monday, 4 december 2023

8.00 - 9.00 h

**Breakfast and preparing for our first walk.**

9.00 - 9.30 h

***Bosque Pehuén: an experimental laboratory for nature conservation***

Presentation by the Fundación Mar Adentro team about this territory and its land stewardship approach through the arts.

9.30 - 12.00 h

**Walk as we talk...**

Discovering the Cascada de la Felicidad, one of two waterfalls of this area as we learn about the hydrological networks of this place.

12.00 - 12.30 h

***Let's Become Fungal* workshop hosted by Yasmine Ostendorf**

## What are fungi teaching us about multispecies models of collaboration?

A collective meditation out in nature as we walk back down, as well as reading excerpts of her book will lead us into reflecting on how we should conceive collaborations with more-than-humans.

13.30 - 14.30 h

**Lunch in Bosque Pehuén's outdoor observatory**

Presentations by all participants in the open-air.

15.00 - 16.30 h

***Gala Sessions 1: co-learning and experience sharing***

We will divide into groups to discuss organizational and funding restructures, how to further promote latin american alliances/networks, and on applying ecological thoughts within an institution.

16.30 - 18.30 h

***On waters* workshop by artist Su Yu Hsin**

Discovering the waters present in Bosque Pehuén through sound and conceptual connections.

19.00 - 21.30 h

**Workshop and dinner by the river**

***Silence as respect: a path into the unknown*** hosted by artist Nico Amaro

# Day 3

## Visualizing

Tuesday, 5 december 2023

8.00 - 9.00 h

**Breakfast and preparing for the day's activities**

9.00 - 12.00 h

**Transition Design workshop by Milton Almonacid and hosted by Valley of the Possible**

Decolonial thinking sessions and visualization workshop of reciprocal futures. Positioned from the geopolitics of Mapuche knowledge, we will analyze the articulation of other possible rationalities to explore possible futures beyond an anthropocentric conception of life (post-mortem futures).

12.00 - 14.00 h

**Gala Sessions 2: co-learning and experience sharing**

We will divide into groups to discuss project sustainability, creating safe spaces and dealing with conflict, as well as preparing the next galafest publication.

14.00 - 15.00 h

**Lunch**

15.00 - 17.00 h

**Macrofungi: learnings through tapestries, videos and clay hosted by Museo del Hongo**  
Planet fungi is a learning program based on GIRA, a permanent virtual exhibition which allows bringing together virtual and in-person experiences to reflect on the diverse fungi life forms, the Museo del Hongo team will walk us through a viewing of CUE microdocumentary, a tapestry by artist Juana Díaz as well as fungi modeling with clay.

17.00 - 19.00 h

**Mind Skin Code: Their Silent Hands workshop hosted by artist Wang Yung An**

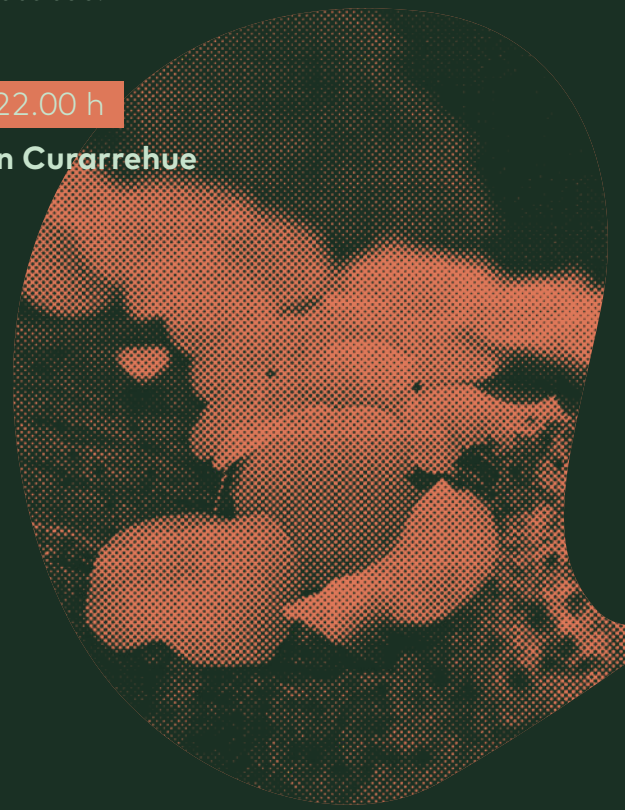

Mind-Skin Code is a scoring method used to translate signals/information from touch into language/gestures/notes. It is a communication system that aims to create knowledge of touch.

We will discuss the relationship between hands and technology.

From hands/skin to nature, from nature to vibrations from other species, the discussion will explore how the scale has expanded while neglecting the micro lens within the entity's status.

19.30 - 22.00 h

**Dinner in Curarrehue**

# Day 4

## A celebration of bioculture and knowledge sharing

Wednesday, 6 december 2023
